Principal's News...

WELCOME TO WEEK 9

This is another very busy week, especially for the members of the kapa haka group.

Please make sure you are informed regarding the activities on Wednesday, Thursday and Friday. Whaea Marie has been communicating directly with this group.

Thank-you to those of you who have offered support in any way for these.

- ♦ **Mid-year Assessments...** Staff have been completing mid-year assessments over the past few weeks. Written Reports and Assessment Folders will be sent home with students on Friday this week. The folders contain unit assessments covering all curriculum areas. There may also be an accompanying piece of evidence relevant to that assessment such as a piece of writing, a basic facts test or a photograph of a science experiment. Written work could be a published text that has had a lot of editing support from the teacher/another student, or it may be a first draft.

Bring any queries regarding mid-year assessment to your interview next week.

- ♦ **Famine Sleepover...** 24 students stayed over at school on Thursday night. Many thanks to Liz Brownlie who stayed with us.

The funds raised go to World Vision to support initiatives in South Sudan. Our goal was \$1000 this year. **Our students raised in excess of \$1600!! What an amazing effort. Congratulations everyone.**

Thank you to the parents who brought in the yummy food for our shared lunch on Friday. There was plenty to share with the whole school.

- ♦ **Korimako Choir...** first practice tomorrow at St Jo's in Te Kuiti from 3.30pm - 4.45pm. If your child is not attending please contact Beth directly on lizardbreath6@gmail.com
- ♦ **Golden Key Induction Ceremony** - earlier this term, Whaea Marie accepted an invitation to become a member of the International Golden Key Honour Society. This annual invitation is extended to students studying with participating universities who achieve within the top 15% grade range. The key pillars of this society which was established in 1977 are leadership, academics, and service. Membership offers access to Golden Key networks and opportunities worldwide. Well done and congratulations.

**Have a great week,
Pam Voyce.**

BOARD OF TRUSTEES NEWS

Following on from last week's newsletter; it's great to welcome on to the board of trustees; Steve Bodger. Our Board of Trustees now consists of;

- ⇒ Catherine Terry - Chairperson
- ⇒ Dani Darke - Finance
- ⇒ Apolline Komene - HR
- ⇒ Bevan Brown - Property
- ⇒ John Roper - Property
- ⇒ Natasha Richardson – Events/Hospitality
- ⇒ Richie Newton – Events/Hospitality
- ⇒ Steve Bodger – 5YA
- ⇒ Sarah O'Connor - Teacher Rep
- ⇒ Nicola Alcock – Secretary
- ⇒ Pam Voyce - Principal

We now have a very good composition of the school make up represented in the BOT members.

I want to acknowledge the people listed above and say a really quick thank you; they generously donate their time and effort into a lot of work that goes on governance wise, for Aria Primary. Thanks team.

It has been great to see the kids, out and about. Children playing winter sport, taking part in the tough guy and girl challenge, Rangitoto cross country, and the Rippa Rugby tournament, just to mention a few. Aria School has been represented well and we should all be proud of our students.

Orienteering 2019 ran like clockwork due to a well oiled team of staff and parents. \$600 was fundraised in a few hours through the canteen. Thank you all very much for your time and help. A big thank you must go to Pam as well, as there is a lot of behind the scenes organisation that goes on. This year was certainly an achievement as it was the 20th year of orienteering at the domain. Well done.

Due to Mycoplasma Bovis still being a prominent problem we are seeking professional advice about this year's pet day. Depending on that advice, it could be that we again exclude calves on the day. We could however, prior to pet day have judges go out to the individual farms of those that do have calves and do the standard judging on farm. What are your thoughts on this?

The BOT is here to make sure the school provides the best possible opportunity for every student and to do that we need your feedback. Feel free to contact myself, another BOT member or the school if there is anything you wish to discuss.

Cheers,
Catherine Terry

ORIENTEERING RECOUNTS FROM ROOM 1

Last Friday morning I was rearing to go!!! But I am not sure about everyone else. Today was the day I had been waiting for ever since last year! After the briefing and the first twenty teams had left it was our turn so we lined up in three lines. The lady that gave me my map asked me if I was a boy or a girl. Ha! Ha! Joke! My team was the Speedy Gonzalez and we left twenty-first. "Ok Aria you can go", Vicki said. After 10 markers I was sprinting up the hill to the squash club, I was finally finished!

By Noah Brownie

P.S I had a great day thank you Mrs Voyce.

On Friday we went to Orienteering where there were lots of people. We had 8 people in our team. When they said you can go we started. My partner was Liam and it was hard to find number 41. There was mud and Liam slipped just one time. We were going to find numbers in Aria school grounds and we saw my brother Igor. We just found one number in Aria school and that number was 27. When we collected all our numbers we went back to the finish line. Time was 12:50, then we bought something to eat and we went home.

By Ivan Radosevic

On Friday we did orienteering at the Aria Squash Club at 11.50am that's when Vicki called our team and we zoomed to the desk and got our maps and then we had to wait until Vicki said we could go. I zoomed off to find the first marker peg and then I followed Noah and Tyrone. We had to ask people where the pegs were. Finally, I finished. My time was 33 minutes and Tyrone took 1 hour and 10 minutes. After I finished I helped out with the canteen.

By Tana Maguire

Last Friday there was splashing mud, zooming kids and food, yummy yummy food. The Briefing had started. Mrs Voyce's voice boomed through the speaker, once that was done it was time. Children from all schools (in the area) raced around everywhere. Finally it was my team's turn; The Speedy Gonzalez. When our name got called out, we raced off in the same direction until we split up. When I was going over to marker 20 I found Fred rustling up in the long grass. I yelled out to him "FRED ARE YOU LOOKING FOR MARKER 20 BECAUSE IT'S UP BY THE CEMETERY". I raced to all the places to find all the markers I needed. I zoomed to the domain and handed in my card. I had finally finished and went off to help my mate Cole Morris. Once he was done I helped pack up the markers and mum picked me up and I headed home. I had a amazing day you should try it.

By Troy Komene

"Aria muddy unicorns!! You can go!!" shouted Vicki, It was Orienteering. "Finally!!" I thought, we were the last team to go, half the people have come back by now!! "Ok, uhhh, 32.....32.....uhhhh, oh, there it is!!" I said, while running to the number. "Now time to get 10!!" I said as I was racing through the paddocks. "Hi Anika!!" yelled Larni, she was about to walk into a creek. "Hi!!" I yelled back. "I will see you at the domain!!" Larni yelled. Finally I found number 10, "Time to go to school again," I mumbled. When I got there I got a nice greeting from all the room 3's, there were two other girls there and asked "do you go to this school?" and I replied "maaaaaybe UwU..." I ran into holly while I was there and asked how much she had left, she said two, I looked at my sheet, I also had two, and we also had the same numbers. "Why not we go find them, there just down the road." I asked, Holly said yes, so we went and clipped the pegs and ran as fast as we could back to the domain. I got 40 minutes "yaaaay!!" I said, "A big improvement from last year!" It was a fun day at orienteering.

ORIENTEERING RECOUNTS FROM ROOM 1

Last Friday the year 4, 5 and 6s of Aria School went to Orienteering at the Domain. The team I was in was called Speedy Gonzalez. Tana was the captain and then there was also Noah, Troy, Tyrone, and Monty. Our team got called and we lined up with some other schools. We got our maps and we got told to leave and I was off. I sprinted to my first marker which was only 10 metres away. Five minutes later I was sprinting everywhere. I got back pretty quick but I tied with Noah. When I finished I had heaps of food; I had 2 steak sandwiches, 1 sausage sizzle, 4 juices, 1 milo and 1 chocolate milk. The best part was the food and the mud. Our team time was 1 hour 10 minutes.

By Corey Mason

"Welcome everybody to orienteering" Boomed the Mrs Voyce through the speaker and ending with "Hope you have a great day". My team was the 2nd group to go, we got our cards and maps, then grouped around and sorted out who was going with who. Bella called out her numbers and I had 6 of them. "OK, Aria Turbo Turtles, you can go," yelled Vicky. Bella and I looked at your maps. "Do you have 19?" I asked "Yup, she said. We scanned our maps and found out it was down by the wool shed. After we clipped it, we looked at the map again and found that there was just a paddock. We raced to that and just kept clipping them. I had finally finished, I placed my card and map down on the finish table, it took me 40 minutes to get ten markers. I looked around trying to find someone in my team, I found Fraser, and he had two more to go. I asked "What two markers do you have left"? "35 and 41". We ran to the top of the hill, clipped marker 35 and found Eva and Tilly. They needed help, so I told Fraser where 41 was and started to help Tilly and Eva. Tilly had one more to go, I helped her with it and she remembered where it was. Eva had 33 and 16 to go, we went back down the hill and found it. 16 was just passed the cemetery, Eva clipped it and ran back to the finish line!

By Eden Wiseman

The muddiest orienteering ever!

Beep!!! Went the horn. I started running out of the squash club gates. "What number should we get first?" asked Tilly. "20" I replied. It is at the cemetery," I said looking down at my map. "Let's go then, we don't want to waste time." We ran through all the creeks and bogs in sight. By the time we got to the number 21, we had made our own brown stockings. I clipped the gizmo on number 21 and went to find another marker. Next we went to find the marker 23, this went on for what felt like centuries until my last number. Eden had to come and help me find my last number 34. When she read where to get it she read it a whole different way and we found the number 34 way faster and easier. I raced back to the finish line shouting "I'm coming for you sausage, I will find you, I will hunt you down and **I will eat you!!!! PLOP!!** (I fell over in the gate but I got back up again! And ran.) Finally I got to the finish line where Mrs Voyce was sitting. And then she shouted in her loudest voice!!! "Hooray you've finished!! "That was the coolest day ever!!! (And luckily I got my sausage!!!)

By Eva Darke.

Muddy Disaster

Splat!! "Oh no!" I shrieked as a bucket full of mud splattered on my face "Arrrrr! Help!" It was Aria school interschool orienteering 2019, and at last I was on the track running hard to try and collect my first marker, number 11 but as I was running through a giant mud pool which was beside a deep stream, disaster struck! I slipped and fell head first into the stream "Arrrrr!" I yelled "Help!" Splat! An eel slivered past me. I stayed as still as Queen Elizabeth's guards and after what felt like an hour! No a day! No a century, the eel passed. As soon as it turned the corner I sprang out screaming so loud people in England could hear me! (Not that I cared at that point) Once I was sprawled out on the grass exhausted did I realise I had been holding my breath.

By Holly Barclay

ORIENTEERING RECOUNTS FROM ROOM 1

"Turbo Turtles Go!" Shouted Vickie, Eva and I raced down the hill like Rats in Rally Cars Both trying to look for Number 34 we had a look at the map and found that 34 was far far away so we rarked our leaver up to Turbo speed and zoomed off across the paddock clip! Only 9 more markers to go. Eva and I went our separate ways Me to get to get Number 10 while Eva got Number 25 Clip! 8 more markers to go then 7, No wait 6 No 5, 4, 3, 2, last one to go number 32 I raced off Clip! I sprinted to the desk " Done Mrs Voyce " I said out of breath and to cool me down I had a nice Wildberry Juice "Delicious".

By Tilly Darke.

Last Friday the year 4, 5 and 6s went to Orienteering at the Domain in Aria. My Team name was the Aria Muddy Unicorns. When Vicki called the Aria Muddy Unicorns I got ready then ran, I found the first peg and saw Jack. I asked Jack where the number 37 was and he said it was just up on the hill. I said "Thanks". I finished all the pegs in my team. I was the first one done out of my team and when I got back to the domain I had something to eat. I went to dad and told him that I was the first one back in my team.

By Hami Maguire

As I was waiting, tik tok tik tok time went on. Finally, it was my turn. Then I heard Vicky say go, so I ran as fast as anything in the world. I sprinted through the gate. Hmhmhmhm I looked at my map it was just around the corner I saw Corey, I said "Are you finished already?" and they said "Yes" I whispered to myself "I better hurry up". My markers were 12,13,33,43,54,10,18 and 11 to get all of them you had to go through creeks, fences, over roads. When everyone was finished, the BBQ had sausages on it so Jack, Hami, Rawiri, Tyrone and me pigged out on the sausages.

Fieldays' Glory

I zoomed through the gates like a frightened rat as my family walked through them. I was at the Fieldays, my favourite day of the year. I wanted to rush straight to the John Deere tractor stand because I knew there was a 7120 and I wanted to look at it and hop in it. When we got to the John Deere stand I jumped straight into the 7120; it was so massive. Next we went to the tractor pull. When we got there, there was a pull happening and the tractors were one little race tractor and a big 1732 Fendt which was getting pulled. The little racing tractor was popping wheelies as it struggled to pull the big Fendt. After that we went to the Ballance stall to get their famous free pies. Their pies were so good and I got a mince and cheese potato top. I also came home with a T-shirt, some pants and some socks. It was such a fun day.

By Oskar Richardson-Douch

Wellington

On Orienteering day mum and I were in Wellington. Last Friday my Mum and I were walking down the street when we heard the crashing music of Reuben Stone; he was a really good musician. We listened to him for ages but then this really drunk person went past and shouted out shush, shut up, no one likes your music even though he was surrounded by so many people. But as soon as he started walking the musician stopped then made sure he was gone then continued to play. Later we went to the Opera House; we went to the Weta Workshop, it's supposed to be the biggest workplace in the world and the coolest because they made a whole planet for Avatar and we saw a man making real swords!!! He made it by putting a big fat steel rod into a metal bucket filled with hot steam and fire even when he shoved it in water that caught on fire but then he shaped it with another thingamajig then it came out looking like a real sword.
