WHĪKOI MO TE REO/MATARIKI CELEBRATIONS JUNE 2019

This year, members of the Āria School kapahaka participated in a number of events in preparation for the annual Whīkoi mo te Reo and Matariki celebrations.

On Wednesday 26 June, senior members of the kapahaka visited Maniaroa Marae as part of their learning about the Tainui waka. They learned about the stories of the whare tūpuna, Te Koha-a-Rua and listened to the story of te punga o Tainui, the anchor stones of the Tainui waka, with local kaumatua Haumoana White and viewed Tokapapa, commonly known as the Flower Pot, the mooring place of the Tainui waka.

On Thursday 27 June, the entire kapahaka participated in the whīkoi down Rora Street and presentations at the Les Munro Centre. The group shared their learning of the Tainui waka and its sites of significance to Mōkau.

On Friday 28 June a new addition to this event saw a sports and art day hosted at Piopio College. Activity workshops included Matariki themed art, kapahaka, mau rakau, and Māori games and past times. This day concluded with massed waiata session that involved over 300 tamariki aged 5-13 years.

A huge thank you must go out to those parents who assisted with transport during this rather hectic week. Without your support our tamariki may not have been able to participate in these opportunities. The organising group will be meeting to evaluate this week ahead of planning for next year's 20th celebration of the Whīkoi mo te Reo.

Ngā manaakitanga,
Whaea Marie

Risk & Mitigation Workshops

Presented by King Country River Care and Waikato Regional Council

How to turn a threat into an opportunity!

The workshop session will introduce the benefits of completing Farm Environment planning for your farm business. We will discuss what "good environmental farm management" looks like – how to identify issues and make changes.

The farm tour will allow you to gather information on potential environmental risks and "critical source areas" on farm and some options to help mitigate these. We will look at 2 sites on farm and have discussion from local farmers and WRC staff about the possible actions to take on farm – what works for farmers and what hasn't.

We will complete day with a session to discuss possible projects and future planning within your subcatchment group areas.

25 July - Mapiu/Mapara at Peter & Wendy Spencers; 2438 State Highway 4, Mapiu. 10.30am start, 2.30/3pm finish, lunch supplied.

31 July - Mokauiti at Terry & Keri Alcock's woolshed; 2064 Mokauiti Road. 1pm start, 3.30pm finish

Please RSVP to Anna Nelson at kcrivercare@gmail.com or 0274900501 for planning purposes. If you would like a Farm aerial photo please send me your farm Valuation number(s) and I will organise for WRC to bring a printed map for you.
